DEVI SRI PRASAD UDDANTI

8919108342 | devisriprasadud311@gmail.com | LinkedIn | GitHub

CAREER OBJECTIVE

Aspiring Full Stack Developer with a strong foundation in Java, Python, and modern web technologies, seeking to join HCLTech's Fresher Trainee Program. Experienced through academic projects in building dynamic, responsive front-end applications that consume REST APIs, with a passion for problem-solving and a drive to contribute to real-world software solutions.

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, SQL
- **Database:** MySQL
- **Frameworks & Libraries**: React, OpenCV, Full-Stack Development
- **Version Control:** Git, GitHub
- **Soft Skills:** Team Collaboration, Problem-Solving, Adaptability, Communication

EDUCATION

B.Tech in Information Technology June 2027
Dhanekula Institute of Engineering & Technology, Vijayawada, India

Intermediate June 2023
Andhra Loyola College, Vijayawada

High School April 2021
Zilla Parishad High School, Penamaluru, Vijayawada

PROJECTS

Weather Dashboard HTML, CSS, JavaScript, REST API

- Built a dynamic, responsive weather application using HTML, CSS and JavaScript that consumes a third-party REST API to fetch and render live weather data based on user-entered city input.
- Handled asynchronous API requests with the Fetch API and parsed JSON responses to display temperature, feels-like, humidity, wind speed, pressure, sunrise/sunset times, and current conditions.
- Implemented client-side state handling for loading, error, and empty-result conditions, ensuring a smooth user experience across network failures and invalid input.

Driver Safety System HTML, CSS, JavaScript, Python, OpenCV

- Developed a real-time driver monitoring system using HTML, CSS, JavaScript and OpenCV to detect drowsiness through continuous facial-landmark analysis.
- Built an event-driven alert mechanism that triggers dynamic on-screen and audio warnings when unsafe conditions are detected, updating the interface in real time without page reloads.

CERTIFICATIONS

- Google AI-ML Certificate — Sep 2026
- Google Cloud Cybersecurity Certificate — Sep 2025
- AI For Beginners — Jun 2025
- TechA Front End Development Foundation Certificate — Mar 2025
- TechA Responsive Web Designing Foundation Certificate — Mar 2025

ACHIEVEMENTS

3rd Prize — ELEVATEX Hackathon, Codegnan, Vijayawada

- Built a working solution within a 12-hour time constraint, demonstrating rapid problem-solving, teamwork, and end-to-end development under pressure.

1st Prize — Prompt to Print Coding Competition

- Secured first place in a competitive programming contest, demonstrating strong algorithmic problem-solving and programming skills.
